# Dry.Q™ Core/

---

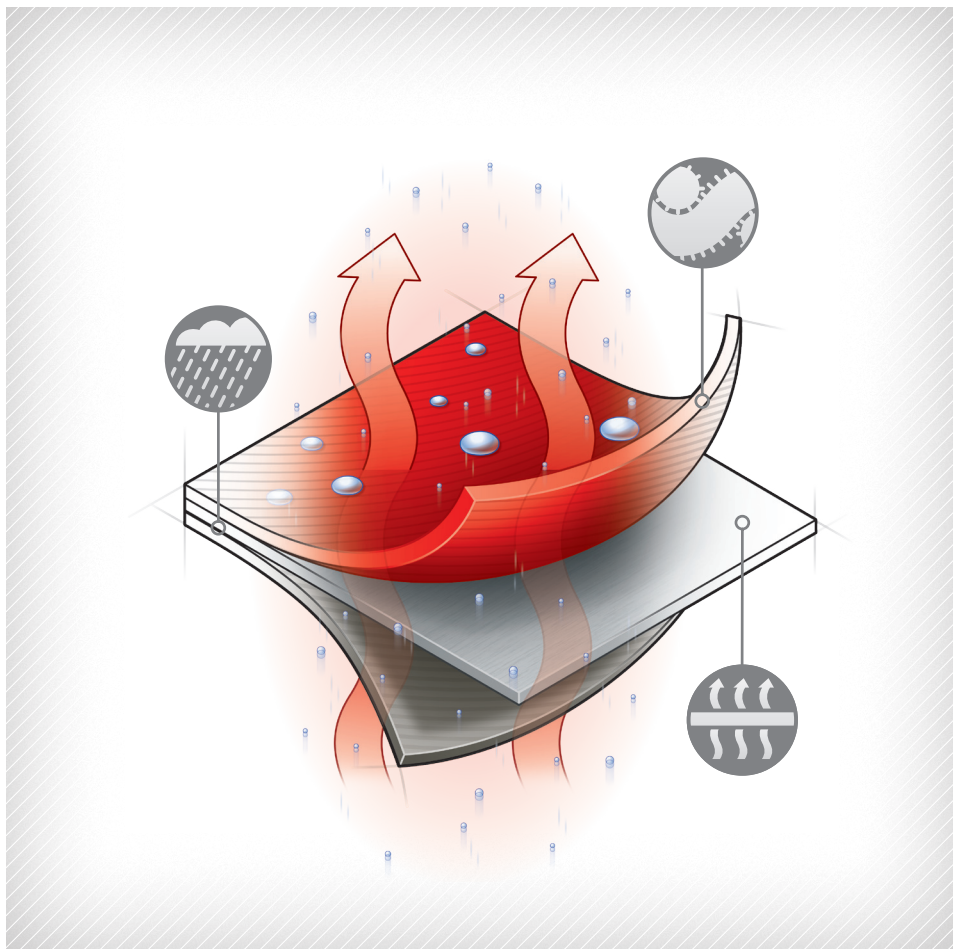

**Our most versatile  
technology for  
performance and value.**

Proven performance in independent  
lab testing

The most versatile platform for generalist  
garments—from backpacking to walking  
the dog

---

“Our designers have never had this kind of flexibility before. Dry.Q allows us to build technical fabrics piece by piece until we get exactly what we need.” — Ted Ganio, Mountain Hardwear VP of Innovation, Technology and Equipment

**Durably waterproof.  
Durably breathable.**

Dry.Q™ Core is the only waterproof/  
breathable technology extensively  
tested to ensure its breathability  
won't deteriorate over time. It's a  
versatile, long-lasting solution for  
everything from lightweight climbing  
jackets to day-to-day rainwear.

---

Taped seams and welding for  
complete waterproofness

Breathable membrane lets body  
heat and vapor escape

Abrasion-resistant exterior fabric

---
